REQUEST FOR MAIN STREET BUILDING CLEAN-UP INCENTIVE Commercial Trash Removal for Historic District Building Rehabilitation

(This incentive is capped at 5 projects per City fiscal year.)

Project #

Business/building owner:

Address:

Requested location for roll-off container:

Date roll-off requested:

City of Electra Building Permit #:

I understand that Main Street Electra, in an effort to encourage the rehabilitation and maintenance of commercial property within the Downtown Electra Historical District, will provide at no charge one 30-yard commercial container for up to thirty days for building cleanup for approved projects.

I understand that no materials may be placed in the container in violation of state law or local ordinance, and that there will be a charge for tire disposal.

I further understand that there are weight limitations on the container, making extremely heavy materials, such as complete roof tear-offs, or large amounts of concrete, brick, cinder block, etc., unacceptable.
